IMPORTANT

X-WING® vs. TIE FIGHTER®
Installation Notice

We recommend that you install Balance of Power™ after installing X-Wing® vs. TIE Fighter®.

Installing Balance of Power™ will upgrade X-Wing® vs. TIE Fighter® to version 1.1.4. This version includes Direct3D support for 3Dfx Voodoo accelerators and is required for play on the Internet Gaming Zone. For information on the X-Wing® vs. TIE Fighter® 1.1.4 update, check the 3DReadme.txt which is located in the directory where you installed X-Wing® vs. TIE Fighter®.

For the latest updates, check our website periodically at http://www.lucasarts.com.

Note: The 1.1.4 update only effects X-Wing® vs. TIE Fighter®. Please consult the Balance of Power™ documentation for more information including a list of 3D hardware supported by Balance of Power™.
